**A WORLD-CLASS PLATFORM
FOR TECHNOLOGY, MARITIME &
DEFENCE INDUSTRY CAPABILITIES**

Hosted & Organised by
QATAR ARMED FORCES

DIMDEX 2018

12 - 14 MARCH

Under the patronage and vision of His Highness Sheikh Tamim bin Hamad Al-Thani, Emir of the State of Qatar, **Doha International Maritime Defence Exhibition & Conference**, DIMDEX, is proudly hosted and organised by Qatar Armed Forces.

Now in its sixth edition, DIMDEX welcomes you to participate in this highly anticipated global event, that offers insights, solutions and procurement opportunities to maritime and defence leaders from around the world.

The biennial show offers a premier programme; The Exhibition, Middle East Naval Commanders Conference (MENC), exclusive VIP Delegations, and visiting Warships' Display, providing access to cutting edge military technology.

Why Exhibit At DIMDEX 2018?

DIMDEX is an established platform that showcases the latest maritime and defence innovations within key audiences from across the globe, enabling productive commercial opportunities with high-level decision makers and influencers. Testament to this, a significant increase in exhibitor investment has been realised since the event's inception in 2008.

Exhibitors recognise the value of demonstrating their company's capabilities, services and products to a variety of MENA and further afield new markets. For the 2018 edition, we offer access for companies to meet decision makers and VIP delegates to discuss their future procurement needs during the three-day exhibition and conference.

Visiting Warships

A much anticipated element of DIMDEX is the display of visiting warships. Visitors can explore and discover modern naval warships from the region and beyond, and meet the leaders and crew that deal with the complexities of protecting our shores and maritime interests.

Boosting Your Visibility To High Profile Audiences

DIMDEX boasts a high attendance of official VIP delegations and senior representatives from international and government entities and the calibre of our audience has long been a distinguishing feature for the exhibition. Celebrating the 10th anniversary of DIMDEX at the 2018 edition, we expect this attractive trend to continue and grow, creating valuable engagement and networking opportunities and access for companies to influential decision-makers.

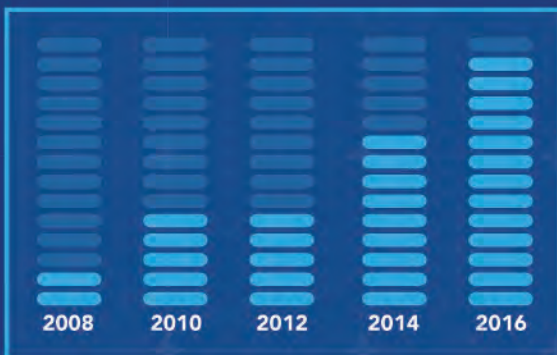

Middle East Naval Commanders Conference (MENC)

The Middle East Naval Commanders Conference will provide thought leadership from prestigious guest speakers, from inside and outside of the industry, to share insights and knowledge about emerging technologies across the military, defence and maritime sectors. International academics, global and regional naval commanders and world-class industry experts will come together to identify and address geopolitical trends affecting the maritime domain on both an operational and strategic level.
